

Hwam 2620 Wood Burning Stove

Stunning looks and large viewing area give this stove a charm all of its own. Innovative and stylish, this smaller stove is ideal for any home. Its compact size offers large viewing of the flames, but still produces 5 kW of heat.

Note: If floor standing, a plinth is required if your floor is slightly uneven, highly recommended even with a smooth floor and can be selected from the **Pop up** panel that appears when you add this item to your cart.

Design Features

- Autopilot
